Certified Mail provides:

- A mailing receipt
- A unique identifier for your mailpiece
- A record of delivery kept by the Postal Service for two years

Important Reminders:

- Certified Mail may **ONLY** be combined with First-Class Mail® or Priority Mail®.
- Certified Mail is *not* available for any class of international mail.
- **NO INSURANCE COVERAGE IS PROVIDED** with Certified Mail. For valuables, please consider Insured or Registered Mail.
- For an additional fee, a *Return Receipt* may be requested to provide proof of delivery. To obtain Return Receipt service, please complete and attach a Return Receipt (PS Form 3811) to the article and add applicable postage to cover the fee. Endorse mailpiece "Return Receipt Requested". To receive a fee waiver for a duplicate return receipt, a USPS® postmark on your Certified Mail receipt is required.
- For an additional fee, delivery may be restricted to the addressee or addressee's authorized agent. Advise the clerk or mark the mailpiece with the endorsement "*Restricted Delivery*".
- If a postmark on the Certified Mail receipt is desired, please present the article at the post office for postmarking. If a postmark on the Certified Mail receipt is not needed, detach and affix label with postage and mail.

IMPORTANT: Save this receipt and present it when making an inquiry.

**RE: NOTICE OF VIOLATION – Wildcat Woods Campground WWTP
Compliance Evaluation Inspection, Greenville, Darke County**

Dear Ms. Brown,

On July 17, 2008, I conducted an inspection at the Wildcat Woods Campground, located at 1355 Wildcat Road, Washington Township, Darke County. Todd Brown represented the facility at the time of inspection. This inspection was conducted to discuss the missed compliance dates in the effective NPDES permit for Wildcat Woods wastewater treatment system.

NPDES permit 1PX00058*AD includes a schedule of compliance to upgrade the wastewater treatment facility by meeting the following requirements on the respective dates:

Submittal of a permit to install for wastewater improvements – July 1, 2007
Initiation of Construction – July 1, 2008
Completion of Construction – May 1, 2009
Compliance with Final Effluent Limitations – July 1, 2009

Ohio EPA has not received a permit to install for wastewater improvements to date.

Daily Monitoring Reports (DMRs) (formerly know as Monthly Operating Reports) have not been received from this facility since August 2007. Failure to submit operating reports is a violation of the NPDES permit.

Provide a response to this inspection detailing:

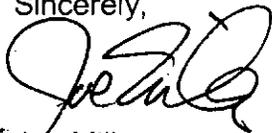

1. The expected date of submittal of the required permit to install.
2. A contingent date of initiation of construction of these improvements.
3. The name and certification number of your wastewater operator.
4. Confirmation that a PIN # for eDMR submittals has been obtained and that monitoring reports will be submitted as required.

July 28, 2008

Please note that Ohio EPA would only view this facility with enforcement discretion if strides were being made to correct the wastewater issues. Considering not only has a permit to install for wastewater improvements not been initiated, but operating reports have not been submitted for the past calendar year, this discretion would not be warranted. Failure to provide the above information and to bring this facility into compliance with the NPDES will result in the matter being forwarded for enforcement action.

Provide the above requested information by **August 15, 2008**. Should you have any questions, I can be reached at (937) 285-6109 or joe.miller@epa.state.oh.us.

Sincerely,

Joe Miller
Division of Surface Water
Compliance and Enforcement

Section C: Areas Evaluated During Inspection

(S = Satisfactory, M = Marginal, U = Unsatisfactory, NA = Not Applicable)

S	Permit
U	Records/Reports
NA	Operations & Maintenance
NA	Facility Site Review
NA	Collection System

U	Flow Measurement
NA	Laboratory
U	Effluent/Receiving Waters
NA	Sludge Storage/Disposal

NA	Pretreatment
U	Compliance Schedules
U	Self-monitoring Program
NA	Other

Section D: Summary of Findings/Comments (Attach additional sheets if necessary)

Records/Reports rated as Unsatisfactory due to failure to submit daily monitoring reports.
Flow Measurement was rated as Unsatisfactory for failure to monitor flow.
Effluent/Receiving water was rated as Unsatisfactory. Current discharge is poorly treated wastewater from a single cell lagoon.
Compliance Schedule was rated as Unsatisfactory due to failure to meet compliance schedule dates for PTI submittal and initiation of construction.
Self-Monitoring Program was rated as Unsatisfactory. Self-monitoring is not being completed as required.
