NOTICE OF VIOLATION

**CERTIFIED MAIL**

Dear Mr. Woolard:

This office has received the non-compliance notification for the above referenced facility. Our review indicates violations of the conditions of your NPDES permit. The specific instances of non-compliance and/or deficiencies were as follows:

There was an unauthorized discharges to the Mill Creek. On February 4, 2008, there was a discharge of 500 to 1,000 gallons of chlorinated water (Total Chlorine = 0.66 mg/L) and sediment from the pressure testing of a new service water installation that flowed to an on-site drainage ditch to Mill Creek via outfall 001. The water was sampled, and the sediment was removed from the ditch.

Please be advised that failure to comply with the effluent limitations, or to satisfy monitoring or reporting requirements of your NPDES permit may be cause for enforcement action pursuant to the Ohio Revised Code Chapter 6111.

This office has received written notification as the reasons for the above referenced violations, as well as the actions taken or proposed to prevent any further violations.
