Notice of Violation  
NPDES Permit 1PV00023\*ED, OH0049930

Dear Mr. Holbrook,

Ohio EPA has not received the NPDES monitoring reports for the months of June, July and August 2010. Failure to report the monitoring data as required by your NPDES permit 1PV00023\*ED is considered a violation of that permit.

Ohio EPA was notified by the Hamilton County Public Health that there was sewage surfacing from a sanitary sewer line at 8929 Honeydew Court on September 21, 2010. You have been previously requested to notify Ohio EPA of any sanitary sewer overflows occurring at this site. You are required to report the cause and repair actions taken to stop the overflow along with the dates of the actions taken.

Please be advised that Ohio EPA has recommended legal enforcement action due to violations of the NPDES permit and Ohio Revised Code Chapter 6111. Each violation may incur penalties under Ohio Revised Code Chapter 6111.

You are required to respond to this Notice of Violation within 5 days of receipt of this letter detailing when monitoring reports will be submitted to Ohio EPA and a report on the sanitary sewer overflow. If you have any questions about this letter, please contact me at (937) 285-6101.

Sincerely,

Mary Osika
