RE: NOTICE OF VIOLATION  
Dicks Creek Reach 1 Remediation Site  
Butler County  
NPDES Permit 1ID00006\*AD

Dear Mr. Kemp:

I have reviewed your discharge monitoring report for the month of October 2010, for the discharge outfall 001 from the wastewater treatment system at the site referenced. The review indicates the following effluent limit violation of the NPDES permit for this facility.

**EFFLUENT LIMIT VIOLATIONS AT OUTFALL 001**

<u>Parameter</u>	<u>Date</u>	<u>Permit Limit</u>	<u>Value Reported</u>
PCBs	10/2010	0.0010 ug/l	1.2975 ug/l

The reported value also exceeded the Practical Quantification Level of 0.5 ug/l for PCBs.

Our office received the non-compliance notification for this exceedance in an email on November 9, 2010 from Tim Barber of Environ. The corrective actions taken to comply with the limits were discussed in this email notification. No further response is required.

Please be advised that failure to comply with the effluent limitations or to satisfy the monitoring or reporting requirements of your NPDES permit may be cause for enforcement action pursuant to the Ohio Revised Code Chapter 6111. If you have any questions regarding this letter, please contact me at (937) 285-6101.

Sincerely,

Mary Osika  
Environmental Specialist  
Division of Surface Water
