Dear Mr. Lee:

This letter acknowledges receipt of your e-mail correspondence on February 15, 2012 responding to Ohio EPA's Notice of Violation (NOV) letter dated February 6, 2012.

My review of the documentation provided by this correspondence, which includes photographs of labeled containers of universal waste lamps and batteries and Gasser Chair's Universal Waste Battery and Lamp Policy, indicates that Gasser Chair has adequately demonstrated abatement of the following violations from the January 30, 2012 inspection cited in my letter of February 6, 2012, specifically:

1. **OAC 3745-273-13(D)(1) Small quantity handler must contain lamps in proper containers or packaging and containers or packaging must be closed.**
2. **OAC 3745-273-14(E) Small quantity handler must label containers or packaging holding universal waste lamps.**
3. **OAC 3745-273-15(C) Small quantity handler must be able to demonstrate length of accumulation.**
4. **OAC Rule 3745-273-14(A) Small quantity handler must label universal waste batteries/containers.**
5. **OAC 3745-279-22(C)(1) Used oil containers must be labelled with the words "used oil".**
