Re: New Vienna WTP / Failure to Submit NPDES Renewal Application

Ladies and Gentlemen:

The New Vienna Water Treatment Plan current National Pollutant Discharge Elimination System permit is set to expire September 30, 2008. According to OAC 3745-33-04 (C)(1), *The director shall notify the permittee that any permittee who wishes to continue to discharge after the expiration date of his Ohio NPDES permit must file for reissuance of the permit at least one hundred eighty days prior to its expiration. Except as provided by paragraph (C)(2) of this rule, Ohio NPDES permits shall be renewed in accordance with the provisions for issuance of permits under this chapter.* Ohio EPA has not received the referenced renewal application.

A letter reminding New Vienna to submit the renewal application was mailed on 11/30/2007, and Ohio EPA received a certified card stating the Village had received the reminder. If the Village wishes to continue to discharge from the WTP, please submit the renewal application immediately.

If you have any questions regarding the above, please contact me at (937) 285-6028.

Sincerely,

Michelle Waller
Environmental Specialist II
