RE: WAYNE COUNTY
TRICOR INDUSTRIAL, INC., METALS DIVISION
NON-TRANSIENT, NON-COMMUNITY
PUBLIC WATER SYSTEM
PWS ID# OH8530512
LEAD AND COPPER

NOTICE OF VIOLATION

Mr. Jon Stitzlein
Tricor Industrial, Inc., Metals Division
3225 W. Old Lincoln Way
Wooster, Ohio 44691

**Subject: Notice of Violation of Failure to Issue Public Education Materials for
Lead Action Level Exceedance**

Dear Mr. Stitzlein:

A review of our records indicates that your public water system incurred a violation of rule 3745-81-85 of the Ohio Administrative Code (OAC) for failure to distribute lead public education information on lead in drinking water to each person served by the IBH Multi-Purpose Building water system by November 29, 2011. The delivery of public education material is required whenever a public water system exceeds the lead action level.

Please note that you are still required to distribute the lead public educational materials within 30 days of receipt of this letter and submit verification of distribution to this office not more than 10 days after distribution. Public education must be distributed every 12 months as long as the water system exceeds the lead action level.

Actions required as a result of the above violation

Step 1	Within 30 days issue the attached public notice of the violation in accordance with rule 3745-81-32 of the Ohio Administrative Code by the following method(s) to reach all persons served by the public water system: 1. Mail or other direct delivery to each customer; and 2. Any other method reasonably calculated to reach other persons regularly served by the system.
Step 2	Fill out the attached verification form and send along with a copy of the public notification issued within 10 days to the Northeast District Office of the Ohio EPA.
Step 3	Fill out the attached verification form and send along with a copy of the public education materials issued within 10 days to the Northeast District Office of the Ohio EPA.

Templates for all lead and copper forms can be found on our Web site at:
www.epa.ohio.gov/ddagw/reporting.aspx#Forms.

According to the plan approval for corrosion control dated June 29, 2010, Tricor Metals was to construct corrosion control equipment with two years from the date of the approval. Please be reminded that Ohio EPA, Northeast District Office must be notified upon completion of that equipment.

If you are in need of any technical assistance or have any questions, please feel free to contact me at (330) 963-1194.

Sincerely,

Beth R. Madis
Environmental Specialist
Division of Drinking and Ground Waters
