Re: Failure to Report Monthly – **NOTICE OF VIOLATION**

Dear Ms. Boyer:

Ohio EPA's Underground Injection Control (UIC) Unit has completed its review of the March through December 2011 monthly operating reports provided for the injection occurring at the Summit C&D Disposal, Inc. (Summit C&D) site located in Norton, Ohio. The reports were all provided on January 13th 2012.

The information contained within the monthly reports does meet the requirements of Ohio Administrative Code Rule 3745-34-11(G)(3). However, Summit C&D failed to report that information monthly as the rule requires. In order to return to compliance, Summit C&D must resume reporting on a monthly schedule while fluids are being injected. Additional non-compliance may nullify Summit C&D's authorization to operate Class V UIC wells without a permit to operate per OAC Rule 3745-34-11(H).

Should you have any questions, please contact Jess Stottsberry of my staff at (614) 644-2752 or through email at jess.stottsberry@epa.state.oh.us.

Sincerely,

Lindsay C. Taliaferro III
UIC Program Manager
Division of Drinking and Ground Waters
