ENTERED DIRECTOR'S JOURNAL

In the Matter of:

Village of North Randall	:	<u>Director's Final Findings</u>
21937 Miles Road	:	<u>and Orders</u>
North Randall, Ohio 44128	:	

PREAMBLE

It is agreed by the parties hereto as follows:

I. JURISDICTION

These Director's Final Findings and Orders ("Orders") are issued to the Village of North Randall ("Respondent"), pursuant to the authority vested in the Director of the Ohio Environmental Protection Agency ("Ohio EPA") under Ohio Revised Code ("ORC") §§ 3704.03 and 3745.01.

II. PARTIES

These Orders shall apply to and be binding upon Respondent and successors in interest liable under Ohio law.

III. DEFINITIONS

Unless otherwise stated, all terms used in these Orders shall have the same meaning as defined in ORC Chapter 3704 and the regulations promulgated thereunder.

IV. FINDINGS

All of the findings necessary for the issuance of these Orders pursuant to ORC §§ 3704.03 and 3704.01 have been made and are outlined below. Nothing in the findings shall be considered to be an admission by Respondent of any matter of law or fact. The Director of Ohio EPA has determined the following findings:

1. Respondent is a government entity with offices located at 21937 Miles Road, North Randall, in Cuyahoga County, Ohio, a County that was designated as a nonattainment area for ozone until September 15, 2009, and is part of a designated program area that is subject to an enhanced or opt in enhanced vehicle inspection and

maintenance program. Respondent owns or leases and operates a fleet of motor vehicles, as defined in ORC §§ 4501.01(B), 4503.16, and 4511.01(C), in this County, which are subject to biennial vehicle emissions inspections required pursuant to ORC § 3704.14 and Ohio Administrative Code ("OAC") Rule 3745-26-12(A)(2).

2. OAC Rule 3745-26-01(AA) defines a "nonattainment area" as an area that has not achieved the National Ambient Air Quality Standards and that is required to undergo certain air pollution control strategies pursuant to the 1990 Clean Air Act Amendments.

3. OAC Rule 3745-26-01(H) defines a "designated program area" to include any county currently or formerly classified as moderate, serious, severe, or extreme nonattainment for carbon monoxide or ozone in accordance with the Clean Air Act Amendments of 1990 and that is subject to a basic, an enhanced, or an opt-in enhanced vehicle inspection and maintenance program.

4. OAC Rule 3745-26-12(A)(2) states, in part, that, unless otherwise exempt, each motor vehicle that is owned or leased by the State, local government, or any political subdivision whose office is located within a county that is part of a designated program area, is subject to inspection in odd numbered years and shall report the inspection results to the Director by December 31 of that year.

5. ORC § 3704.14(D) states, in part, that the Director may continue to implement and enforce rules pertaining to the motor vehicle inspection and maintenance program previously implemented under former ORC § 3704.14 as that section existed prior to its repeal and reenactment by Amended Substitute House Bill 66 of the 126th General Assembly.

6. OAC Rules 3745-26-01 and 3745-26-12, among others, are rules pertaining to the enhanced motor vehicle inspection and maintenance program previously implemented under former ORC § 3704.14 as that section existed prior to its repeal and reenactment by Amended Substitute House Bill 66 of the 126th General Assembly. Former ORC § 3704.14(H) stated, in part, that the federal government, the State, any political subdivision, and any agency or instrumentality of those entities, in accordance with rules adopted by the Director, shall have inspected any motor vehicles that they own and operate in any county that is subject to the vehicle inspection and maintenance program.

7. Per OAC Rule 3745-26-12(A)(2), Respondent was required to have each of its vehicles inspected during 2009 and to report the results to Ohio EPA no later than December 31, 2009.

8. In a letter dated February 9, 2009, Ohio EPA notified Respondent of its obligation to comply with the requirements of OAC Rule 3745-26-12(A)(2). Included with this letter were directions to the Ohio EPA website location to obtain a copy of the

Government Fleet Reporting form, with instructions.

9. Respondent submitted an incomplete Government Fleet Reporting form for calendar year 2009 to Ohio EPA on May 1, 2009.

10. In a letter dated July 16, 2009, Ohio EPA reminded Respondent of the government fleet testing and reporting requirements. This reminder letter included an example Government Fleet Reporting form, with approved valid exemption codes and instructions.

11. In a letter dated October 30, 2009, Ohio EPA again reminded Respondent of the government fleet testing and reporting requirements. This reminder letter also included an example Government Fleet Reporting form, with approved valid exemption codes and instructions.

12. In a letter dated December 4, 2009, Ohio EPA again informed Respondent of its obligation to comply with the requirements of OAC Rule 3745-26-12(A)(2). At that time, Ohio EPA notified Respondent that the deadline for complying with the testing and reporting requirements was being extended to March 31, 2010. A copy of the Government Fleet Reporting form, with instructions, was also included with the letter.

13. Respondent did not submit a complete Government Fleet Reporting form that included test results for all of the vehicles registered to it to Ohio EPA on or before December 31, 2009, in violation of OAC Rule 3745-26-12(A)(2).

14. In a letter dated February 23, 2010, Ohio EPA again informed Respondent of its obligation to comply with the requirements of OAC Rule 3745-26-12(A)(2). At that time, Ohio EPA notified Respondent that the deadline for complying with the testing and reporting requirements was being extended to March 31, 2010. A copy of the Government Fleet Reporting form, with instructions, was also included with the letter.

15. Respondent did not submit a complete Government Fleet Reporting form to Ohio EPA on or before March 31, 2010.

16. On May 6, 2010, Ohio EPA sent a warning letter to Respondent by certified mail. In this letter, Ohio EPA informed Respondent of its noncompliance with the requirements of OAC Rule 3745-26-12(A)(2) and extended the deadline for complying with the testing and reporting requirements to June 4, 2010. A copy of the Government Fleet Reporting form, with instructions, was again included with the letter.

17. Respondent did not submit a complete Government Fleet Reporting form to Ohio EPA on or before June 4, 2010.

18. Respondent submitted a complete Government Fleet Reporting form for

calendar year 2009 to Ohio EPA on August 16, 2010. The report indicated that Respondent did not have each motor vehicle that was subject to inspection in calendar year 2009 inspected before December 31, 2009, and did not submit a complete Government Fleet Reporting form for calendar year 2009 to Ohio EPA on or before December 31, 2009.

19. Based on the above Findings, the Director of Ohio EPA finds that Respondent violated OAC Rule 3745-26-12(A)(2), for failing to have each motor vehicle that was subject to inspection in calendar year 2009 inspected before December 31, 2009, and for failing to report the inspection results to Ohio EPA by December 31, 2009.

20. ORC § 3704.05(G) states, in part, that no person shall violate any order, rule, or determination of the Director issued, adopted, or made under ORC Chapter 3704.

21. ORC § 3704.06(C) provides, in part, that any person violating ORC § 3704.05 shall pay a civil penalty of not more than twenty-five thousand dollars (\$25,000) for each day of each violation. Therefore, failure to comply with these Orders could subject the Respondent to a civil penalty of up to \$25,000 per day per violation.

22. Should Respondent fail to comply with these Orders, the Director of Ohio EPA may refer this matter to the Ohio Attorney General's Office where, pursuant to ORC § 3704.06, the Director may request that the Attorney General pursue litigation and seek civil penalties of up to \$25,000 per day of violation.

23. In Director's Final Findings and Orders issued to Respondent on June 30, 2009, the Director of Ohio EPA found that Respondent had violated OAC Rule 3745-26-12(A)(2), by failing to have each motor vehicle that was subject to inspection in calendar year 2007 inspected before December 31, 2007, and for failing to report the inspection results to Ohio EPA by December 31, 2007. The Orders required Respondent to:

- a. Have all motor vehicles that it owned and operated that were subject to the vehicle inspection and maintenance program inspected during 2009 and report the results to Ohio EPA no later than December 31, 2009, as required by OAC Rule 3745-26-12(A)(2);
- b. Complete and submit a status report on Respondent's progress towards complying with the requirements of OAC Rule 3745-26-12(A)(2) for 2009 on an Ohio EPA approved form no later than November 2, 2009;
- c. Pay the amount of one thousand five hundred dollars (\$1,500) within 30 days of the effective date of the Orders in settlement of Ohio EPA's claims for civil penalties.

Respondent did not submit the required status report to Ohio EPA by November 2, 2009, have all of its subject motor vehicles tested by December 31, 2009, or submit a complete report to Ohio EPA by December 31, 2009. Respondent paid the civil penalty of \$1,500 required by the Orders on November 16, 2011.

24. The Director has given consideration to, and based his determination on, evidence relating to the technical feasibility and economic reasonableness of complying with the following Orders and their relation to benefits to the people of the State to be derived from such compliance.

V. ORDERS

The Director hereby issues the following Orders:
