RE: Second Notice of Violation for Billie D. Estes Oil Co. NPDES 11G00007, failure to submit NPDES renewal application.

Dear Mr. Estes:

Our review indicates violations of the conditions of your NPDES permit. The specific instance of noncompliance is as follows:

The NPDES permit 11G00007 for the Billie D. Estes Oil Co. Wastewater Treatment Plant will expire April 30, 2007. Your current NPDES permit states "In order to receive authorization to discharge beyond the above date of expiration, the permittee shall submit such information and forms as are required by the Ohio EPA no later than 180 days prior to the above date of expiration." While we have received the application fee and the Antidegradation Addendum form Ohio EPA has not received the NPDES renewal forms for this facility. You have already received a letter dated December 13, 2006 notifying you of this violation.

No later than January 19, 2007 you must submit the renewal application for the Billie D. Estes Oil Co. WWTP NPDES permit. Please be advised that failure to comply with the submittal of the renewal application for your NPDES permit may be cause for enforcement action pursuant to the Ohio Revised Code Chapter 6111.

If you have any questions regarding the above, please contact me at 937-285-6034 or by e-mail to martyn.burt@epa.state.oh.us.

Respectfully,

Martyn Burt
