Re: Deerfield-Hamilton WTP / Failure to Submit NPDES Renewal Application

Ladies and Gentlemen:

The Deerfield-Hamilton Water Treatment Plant current National Pollutant Discharge Elimination System permit (11Y00162*DD) is set to expire 1/31/2009. According to OAC 3745-33-04 (C)(1), *The director shall notify the permittee that any permittee who wishes to continue to discharge after the expiration date of his Ohio NPDES permit must file for reissuance of the permit at least one hundred eighty days prior to its expiration. Except as provided by paragraph (C)(2) of this rule, Ohio NPDES permits shall be renewed in accordance with the provisions for issuance of permits under this chapter.* Ohio EPA has not received the referenced renewal application.

A letter reminding the Deerfield-Hamilton WTP to submit the renewal application was mailed on 3/27/2008. If the Warren County Board of Commissioners wish to continue to discharge from the water treatment plant, please submit the renewal application immediately.

If you have any questions regarding the above, please contact me at (937) 285-6028.

Sincerely,

A handwritten signature in cursive script, appearing to read "Michelle Waller".
