RE: CERTIFIED WARNING LTR.
MIDVIEW HIGH SCHOOL
38199 CAPEL ROAD
GRAFTON, OH 44044

CERTIFIED MAIL

Mr. Isaiah Brewer
A & I Health Solutions
8875 Murray Ridge Road
Elyria, OH 44035

Dear Mr. Brewer:

Ohio EPA is issuing A & I Health Solutions (AIHS) with this Certified Warning Letter for failure to submit an Ohio EPA demolition that included a 10-working day prior notification period. The project involves the removal of approximately 21,250 square feet of asbestos-containing material in the form of flat roofing material.

This failure to provide timely notification is in violation of Ohio Administrative Code (OAC) 3745-20-03 (A)(3)(a), which states that the Director shall be provided with written notification:

“At least ten working days before the beginning of any demolition operation, asbestos stripping or removal work, or any other activity including salvage activities and preparations that break up, dislodge or similarly disturb asbestos material if the operation is a demolition or renovation operation subject to this rule.....”

This office received a call on June 15, 2011, informing Ohio EPA that AIHS would be commencing asbestos abatement work on June 20, 2011. We were further informed that AIHS had submitted a required notice to the Ohio Department of Health (ODH), in accordance with its notification requirements, but had neglected to submit a notice to Ohio EPA.

Due to AIHS's stated concerns with the scheduling of this school renovation project if required to wait another 10 working days, Ohio EPA permitted AIHS to proceed as originally scheduled. We are now in receipt of notification from your company.

MR. ISAIAH BREWER

PAGE 2

Failure to comply fully with the notification requirements as delineated in OAC 3745-20-03 could result in AIHS being issued a Notice of Violation and potential enforcement action by Ohio EPA, and could also result in enforcement actions by U.S. EPA. If you have any questions concerning this letter, please contact either Chris Williams at (330) 963-1223, or the undersigned at (330) 963-1230.

Sincerely,

Bob Princic
Environmental Supervisor
Division of Air Pollution Control
