**Re: A Plus Automotive, Inc.  
7/7/09 Complaint Investigation  
Franklin County [RTC]**

Dear Mr. Samuelyan:

Thanks for your time and assistance during my follow-up visit to your facility at 2976 E. 5<sup>th</sup> Avenue on November 19, 2009. We reviewed steps taken to address a violation that had been noted on July 7, 2009 at your facility.

The violation described in Ohio EPA's July 13, 2009 Notice of Violation letter to you has been corrected. A 300-gallon tote container outside your shop building, and two mobile oil collection caddy units are now properly marked as "used oil", resolving the **Used Oil Container and Tank Marking, OAC Rule 3745-279-22(C)**.

As we discussed, the bulging 55-gallon drum likely to contain water (and something else?) remains outside the east end of your building, left behind by a previous occupant at your address. Businesses must evaluate any potential hazardous waste according to OAC Rule 3745-52-11 requirements. You indicated you will take steps to properly manage this drum and its contents, which could be at risk of leaking. A used oil recycler (see enclosed list) may be able to assist. Please advise me when this has been taken care of.

Ted Strickland, Governor  
Lee Fisher, Lieutenant Governor  
Chris Korleski, Director
