RE: JULY 14, 2011, INSPECTION  
CLEVELAND FOOD & DELI, INC.  
DAPC FACILITY ID 0247080583

**CERTIFIED MAIL**

Sonny Shrigar  
Cleveland Food & Deli, Inc.  
1150 Tower Blvd.  
Lorain, OH 44052

Dear Mr. Shrigar:

On July 14, 2011, a representative from this office visited Cleveland Food & Deli, Inc. located at 1150 Tower Blvd., Lorain, Ohio. During this visit he was informed that you are now the owner of this station.

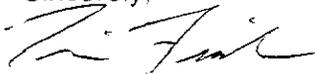

Please be advised that this station had several violations of the Stage II testing requirements pursuant to Ohio Administrative Code (OAC) Rule 3745-21-09(DDD) under the previous ownership. Since the ownership change the station failed tests for dispenser #5 on December 1 and 15, 2010, but subsequently passed on March 21, 2011.

Because most of the failures/violations occurred prior to the transfer of ownership, this office is not going to pursue enforcement action at this time. **However, complete Stage II testing must be performed by December of 2011.** A decision regarding enforcement will be made after this testing occurs. Please make sure preventative maintenance is performed regularly so that the Stage II equipment is in proper working order during the testing.

Also, our representative noted that the Stage II training certificate was not available during his visit. Please make sure that the proper personnel are trained and that a certificate of training is available during the testing in December.

If you have any questions regarding this letter, please do not hesitate to contact me at (330) 963-1270.

Sincerely,

Tim Fischer  
Environmental Supervisor  
Division of Air Pollution Control
