Cleveland, Ohio 44113

Dear Mr. Ceglia:

The annual Stage II compliance demonstration conducted at Prime #12 Gas Station located at 404 East Ave. in Elyria, Ohio 44035 on February 23, 2010, demonstrated compliance with the requirements of Ohio Administrative Code(OAC) Rule 3745-21-09(DDD).

As this testing was due to be performed in January 2010, the next annual Stage II compliance test is due in January 2011.

The report summarizing this testing is required to be submitted to this office within 30 days after the testing occurs. This office did not receive the test report until May 5, 2010, 71 days after the test date, in violation of OAC Rule 3745-21-09(DDD). **Please ensure that future test reports are submitted within 30 days after testing.**

Also, the inspector on site during the testing was not able to review required maintenance records because they were not available, in violation of OAC Rule 3745-21-09(DDD). He was informed that the records would be sent to this office within four weeks. No records have been submitted to this office. **Please begin maintaining these records on site immediately.**

If violations such as those mentioned above occur in the future, this office will likely refer the matter to Ohio EPA's Central Office for enforcement action.

If you have any questions regarding this letter, please do not hesitate to contact me at (330) 963-1270.

Sincerely,

Tim Fischer
