Dear Ms. Unangst:

This letter is in regard to the C & F Marathon gas station located at 27050 State Route 58 in Wellington, Ohio. This station is required to be tested for Stage II compliance every five years. The last test was on May 6, 2005, therefore, testing was due in May 2010. To date, testing has not been performed. **Please schedule testing as soon as possible.**

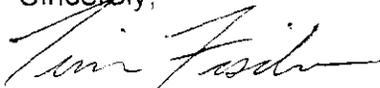

This station is currently operating without permits, in violation of Ohio Administrative Code (OAC) Rule 3745-31-02. I have enclosed a Permit by Rule Notification form. Please complete the form and return it as per the instructions **within fourteen (14) days of receipt of this letter.** This will replace any needed Permit-to-Install and Operate (PTIO) and will mean you no longer have to pay the biannual emission fees.

Failure to test in a timely manner or failure to submit the Permit by Rule notification may result in referral to Ohio EPA's Central Office for enforcement action.

This letter does not constitute a waiver of Ohio EPA's authority to seek civil penalties as provided in ORC 3704.06. Ohio EPA will decide whether to pursue or decline to pursue penalties regarding this matter at a later date.

If you have any questions regarding this letter, please do not hesitate to contact me at (330) 963-1270.

Sincerely,

Tim Fischer
Environmental Supervisor
