Dear Mr. Bagley:

The annual Stage II compliance demonstration conducted at BP of Jefferson located at 4 South Chestnut St. in Jefferson, Ohio on September 14, 2010, demonstrated compliance with the requirements of Ohio Administrative Code Rule 3745-21-09(DDD).

The next annual Stage II compliance test is due in September 2011.

This station is currently operating without permits! I have enclosed a Permit by Rule Notification form. Please complete the form and return it as per the instructions. This will replace any needed Permit-to-Install and Operate (PTIO) and will mean you no longer have to pay the biannual emission fees. **This is the third year in a row that this request has been made. Failure to submit this form may result in an enforcement action referral to our Central Office.**

This letter does not constitute a waiver of Ohio EPA's authority to seek civil penalties as provided in ORC 3704.06. Ohio EPA will decide whether to pursue or decline to pursue penalties regarding this matter at a later date.

If you have any questions regarding this letter, please do not hesitate to contact me at (330) 963-1270.

Sincerely,
