Re: Storm Water Inspection at Altair

Dear Mr. Solove:

This letter is written in follow-up to a construction storm water inspection I conducted at Altair located at the intersection of Polaris Parkway and Cleveland Road in Delaware County on August 13, 2009. The purpose of the inspection was to evaluate compliance with the General Storm Water Permit Associated with Construction Activities. During the inspection, I noted the following:

Construction Status:

- It is my understanding you received a Notice of Termination (NOT) request from this office on July 15, 2009. However, after further review, there may be additional areas subject to future construction activities. Please respond regarding the construction status of the site and future construction activities to ensure the permit status is continued in conformance with the current storm water regulations.

If you have any questions regarding this letter or the inspection, please do not hesitate to call me at our Central District Office at (614) 728-3844. In addition, please provide a written response to the action items addressed above within ten days from receipt of this letter. A follow-up inspection will be conducted to ensure the minimum conditions of the General Permit have been met.

Sincerely,

Harry Kallipolitis
Storm Water Coordinator
Division of Surface Water
Central District Office
