**Re: ODOT Fra-Canal 0.00 PID 24805 / Franklin County
Groveport Road Bike Path**

Dear Mr. Jones:

This letter is written regarding the storm water inspection I conducted on August 19, 2009, of the Groveport Road Bike Path, located along Groveport Road, between Gender Road and West Street, in Canal Winchester, Ohio. The Agency understands that these construction activities are currently covered under the General Storm Water Permit Associated with Construction Activities. It appeared during the inspection that construction activity has been completed for this site and all disturbed areas are being permanently stabilized. Please continue seeding efforts to ensure post-construction stabilization. A Notice of Termination will be required provided the post construction requirements are met. Please address the following:

- The General Storm Water Permit requires specific post construction water quality treatment for all sites. Guidance regarding the post construction mandates can be found at: <http://www.epa.state.oh.us/dsw/storm/CGP-PC-Q&A.html>. Please submit to my attention (email preferred at greg.sanders@epa.state.oh.us) which practice will be installed at this site to ensure compliance with the General Permit. Please include all design criteria with your submittal.
- A Notice of Termination (NOT) must be submitted once the post construction requirements are verified. The NOT form and filing Instructions can be found at: <http://www.epa.state.oh.us/dsw/storm/stormform.html>.
