**Re: Millersport High School / Fairfield County**

Dear Mr. Bartel:

This letter is written in follow-up to a construction storm water inspection that I conducted at the Millersport High School located on Lancaster Street in Millersport, Ohio, on September 18, 2009. The purpose of the inspection was to evaluate compliance with the General Storm Water Permit Associated with Construction Activities. During the inspection, we noted the following:

**Sediment and Erosion Controls:**

- Upon inspection, it appeared that the sediment controls were functioning as intended. No erosion appeared to be leaving the site. You appeared to be in compliance with your General Permit.

If you have any questions regarding this letter or the inspection, please do not hesitate to contact me at our Central District Office at (614) 728-3851.

Sincerely,

Gregory L. Sanders  
Environmental Specialist  
Division of Surface Water  
Central District Office
