Re: Retention Pond/Site Rough Grading / Fairfield County

Dear Mr. Irelan:

This letter is written regarding the storm water inspection that I conducted on April 22, 2010, at the Retention Pond site located south of Busey Road, west of Diley Road. There was active construction during the site inspection. Based on the site inspection and the General Storm Water Permit, the following items were noted.

Sediment and Erosion Controls:

No active construction appeared to be taking place during the site inspection. No erosion was discharging to waters of the state.

If you have any questions regarding this letter or my inspection, please do not hesitate to call me at our Central District Office at (614) 728-3851.

Sincerely,

Gregory L. Sanders
Environmental Specialist
