Dear Mr. Richards

This letter is written in response to a complaint investigation I conducted of the construction activities associated with Turkey Hill located in Columbus Ohio near the intersection of High Street and North Street on March 25, 2010. The complainant alleged the presence of mud on the streets and failed sediment and erosion controls.

During the inspection, I noted failed perimeter silt fence at this site. I instructed the construction manager to address this issue. I further indicated that measures are ensured to minimize vehicle tracking of mud onto public streets.

If you have any questions regarding this letter or my inspection, please do not hesitate to contact me at our Central District Office at 614-728-3844 or email at harry.kallipolitis@epa.state.oh.us.

Sincerely
