This letter is written regarding our joint meeting at Universal Veneer located in Newark, Ohio on March 25, 2010. This site is currently covered under the "General Storm Water Permit associated with Industrial Activities". The purpose of the meeting was to evaluate Best Management Practices (BMP) options to ensure compliance with General Permit.

During the meeting, we discussed several BMP options concerns permit compliance. It was my understanding you were going to discuss these options with the city of Newark.
