Re: Eichhorn Street / Fairfield County

Dear Mr. Peoples:

This letter is regarding the storm water inspection that I conducted on April 19, 2010, at the Eichhorn Street project located along Diley Road, north of Kings Crossing. The Agency understands that these construction activities are currently covered under the General Storm Water Permit Associated with Construction Activities. It appeared during the inspection that construction activity is nearly completed for this site and all disturbed areas are being permanently stabilized. During my inspection, crews were installing sod to stabilize the barren areas. No sediment was eroding off-site.

If you have any questions regarding this letter or the inspection, please do not hesitate to contact me at our Central District Office at (614) 728-3851.

Sincerely,

Gregory L. Sanders
Environmental Specialist
Division of Surface Water
