Buckeye Ready Mix LLC
P. O. Box 688
Reynoldsburg, OH 43068

Dear Mr. Tyson:

This letter is written in follow-up to a storm water inspection I conducted at Buckeye Ready Mix located 7657 Taylor Road in Reynoldsburg, Ohio on April 5, 2010. The purpose of the inspection was to evaluate compliance with the General Storm Water Permit Associated with Industrial Activities. During the inspection, I noted the following:

Trench Drain:

- The trench drain at the entrance of the site was installed to minimize aggregate misting water from entering Taylor Road.

Surface Impoundment:

- The surface impoundment located on the southern end of the facility is only authorized to receive storm water only. During an earlier inspection, on September 22, 2009, I noted wash water entering this impoundment with a noted discharge. This is in direct violation of your General Permit. Concurrent with our follow up inspection on September 30, 2009, you indicated this would only receive storm water in the future. In addition, this impoundment did require cleaning as it was full during my inspection. Please indicate the corrective actions to address this concern.

If you have any questions regarding this letter or my inspection, please do not hesitate to contact me at our Central District Office at 614-728-3844 or email at harry.kallipolitis@epa.state.oh.us. In addition, please provide a written response to this letter within seven days of receipt.

Sincerely,

Harry Kallipolitis
