**Re: TKS Industrial Company / Franklin County
Industrial Storm Water Permit 4GR00508*DG**

Dear Mr. Ball:

This letter is written in regard to the storm water inspection that I conducted at TKS Industrial Company, located at 1939 Refugee Road, in Columbus, Ohio. The inspection was conducted on February 26, 2010, to determine compliance with your industrial storm water permit. You stated that you company fabricates paint finishing system units. I did not note any discharges from your facility to a storm water drain or waters of the state and you appear to be in compliance with your permit.

The following items were noted during the inspection:

1. Your company had a storm water pollution prevention plan (SWP3) and a spill prevention plan at the facility.
2. The empty drums stored outside should be closed with a lid. Please see attached pictures.

If you have any questions regarding this letter or my inspection, please do not hesitate to contact me at our Central District Office at 614-728-3851.

Sincerely,

Gregory L. Sanders
