**Re: Tosoh SMD Inc. / Franklin County  
Industrial Storm Water Permit 4GR00084\*DG**

Dear Mr. Lacheta:

This letter is written in regard to the storm water inspection that I conducted at Tosoh SMD Inc., located at 3600 Gantz Road, in Grove City, Ohio. The inspection was conducted on February 19, 2010, to determine compliance with your industrial storm water permit. I briefly met with David Shook of your company. He stated that your company produces semi-conductors. I did not note any discharges from your facility to a storm water drain or waters of the state.

The following items were noted during the inspection:

1. The thermal spray dust collector appeared well maintained. No pollutants were noted around the collection drum.
2. There appeared to be several cooling tower systems. I did not note any pollutants discharging from the cooling towers to waters of the state.
3. There were an open roll-off container with wood waste and another enclosed roll-off container. There were no issues with either roll-off container.

If you have any questions regarding this letter or my inspection, please do not hesitate to contact me at our Central District Office at 614-728-3851.

Sincerely,

Gregory L. Sanders  
Environmental Specialist  
Division of Surface Water  
Central District Office
