Re: **Shasta Beverages, Inc. / Franklin County
Industrial Storm Water Permit 4GR00053*DG**

Dear Mr. Hale:

This letter is written in regard to the storm water inspection that I conducted at Shasta Beverages, Inc., located at 4685 Groveport Road, in Obetz, Ohio. The inspection was conducted on February 12, 2010, to determine compliance with your industrial storm water permit. You stated that your company produces beverages. I did not note any discharges from your facility to a storm water drain or waters of the state.

The following items were noted during the inspection:

1. The only outside area that could be a cause of concern is the unloading area of the high-fructose syrup. This area drains to a sump pit and the collected waste water is discharged inside to the sanitary sewer. The pump is operated automatically by a float in the sump pit. There was no evidence of any recent spills.
2. Your company has a storm water pollution prevention plan and a spill prevention, control and countermeasure plan.

If you have any questions regarding this letter or my inspection, please do not hesitate to contact me at our Central District Office at 614-728-3851.

Sincerely,

Gregory L. Sanders
