**Re: Notice of Termination Inspection at Blackjack Road
Permit Number 4GC02282*AG**

Dear Sir:

This letter is written in follow-up to a construction storm water inspection I conducted at Blackjack Road located in Mount Vernon, Ohio on February 3, 2010. The purpose of the inspection was to evaluate compliance with the General Storm Water Permit Associated with Construction Activities. During the inspection, we noted the following:

It appeared during the inspection that construction activity has been completed for this site and all disturbed areas stabilized. A Notice of Termination will be required provided the post construction requirements are met. Please address the following:

- Ensure vegetation is sufficient to control erosion measures by a minimum vegetative density of 70 percent.
- The General Storm Water Permit requires specific post construction water quality treatment for all sites. Guidance regarding the post construction mandates can be found at: <http://www.epa.state.oh.us/dsw/storm/CGPPCQA.aspx>. Please submit to my attention (email preferred at harry.kallipolitis@epa.state.oh.us) which practice will be installed at this site to ensure compliance with the General Permit. Please include all design criteria with your submittal.
- A Notice of Termination (NOT) must be submitted once the post construction requirements are verified. The NOT form and filing instructions can be found at: <http://www.epa.state.oh.us/dsw/storm/stormform.aspx>.

Ted Strickland, Governor
Lee Fisher, Lieutenant Governor
Chris Korleski, Director

City Engineer
