Re: Preliminary Storm Water Inspection at (4GR00464*DG)

Dear Operations Manager:

This letter is written in follow-up to a preliminary storm water inspection I conducted at Constar located at 610 O' Neill in Hebron, Ohio on January 27, 2010. This facility is currently covered under the General Storm Water Permit Associated with Industrial Activities. This preliminary inspection entailed the evaluation of materials and or processes exposed to storm water. Based on my preliminary inspection, the following items were noted:

Loading/Unloading:

- Please describe your loading/unloading protocols for evaluation. Include all Best Management Practices (BMP's) implemented for this process as I did note an off loading area on the northern end of the building.

Material Storage:

- Please indicate in your response letter the Best Management Practices implement for the external material storage at your facility as I did note storage tanks on the northern end of the building.

Vehicle Washing:

- Please indicate if there is any mobile power washing activities at this site. Include all BMP's.

Ted Strickland, Governor
Lee Fisher, Lieutenant Governor
Chris Korleski, Director

Storm Water Pollution Prevention Plan (SWPPP):

- A SWPPP must be developed specific for this site. The SWPPP must include a site map which clearly delineates all storm water drainage patterns. All storm water outfalls/discharges from the site must be identified on the SWPPP. All Best Management Practices (BMP's), current and future must be inclusive in the SWPPP and site map. The SWPPP must be reviewed and updated on a yearly basis to reflect any changes at this facility. Guidance documents for preparing a SWPPP can be found at:

<http://www.epa.gov/npdes/pubs/owm0236a.pdf>

http://www.epa.gov/npdes/pubs/industrial_swppp_guide.pdf

If you have any questions regarding this letter or my inspection, please do not hesitate to contact me at our Central District Office at 614-728-3844 or email at harry.kallipolitis@epa.state.oh.us.

Sincerely,

Harry Kallipolitis
Storm Water Coordinator
Division of Surface Water
