184 West Main Street  
Ashville, OH 43103

**Re: Ashville Commerce Center / Pickaway County**

Dear Mr. Valentine:

This letter is written regarding the storm water inspection that I conducted at the Ashville Commerce Center, located at on State Route 752 in Pickaway County on October 18, 2010. The Agency understands that these construction activities are currently covered under the General Storm Water Permit Associated with Construction Activities. Based on the site inspection and the General Storm Water Permit, the following items were noted at the site:

**Sediment and Erosion Controls:**

Most of the site was stabilized and no erosion was leaving the site. However, the stockpile in the rear of the property near the sediment pond will require further stabilization. Please see attached picture.

If you have any questions regarding this letter or the inspection, please do not hesitate to contact me at our Central District Office at (614) 728-3851.

Sincerely,

Gregory L. Sanders  
Environmental Specialist  
Division of Surface Water  
Central District Office
