**Re: Construction Storm Water Inspection at Sawmill Road and Emerald Parkway  
Development - Chase Phase / Franklin County  
Permit Number: 4GC03359\*AG**

Dear Mr. Goodwin:

This letter is written regarding a storm water inspection conducted by Stephen Riley of the Ohio EPA at Sawmill Road and Emerald Parkway Development - Chase Phase, Dublin, Oh on October 7, 2010. The purpose of the inspection was to evaluate compliance with the General Storm Water Permit Associated with Construction Activities. During the inspection, our staff noted the following issues associated with construction activities at this site:

**Sediment and Erosion Control:**

- The sediment and erosion controls at this site are currently functioning properly. Please continue to monitor and ensure continued compliance with the General Storm Water Permit Associated with Construction Activities.
- Please be aware measures are expected to ensure all barren areas are properly protected in preparation for the upcoming winter months. In the event earth disturbing activities extend beyond an effective growing season, alternate erosion protection is expected. This would include but not limited to a crimped straw mulch cover.

If you have any questions regarding this letter or the inspection, please do not hesitate to contact me at our Central District Office at 614-728-3844 or email at [harry.kallipolitis@epa.state.oh.us](mailto:harry.kallipolitis@epa.state.oh.us).

Sincerely,

Harry Kallipolitis  
Storm Water Coordinator
