**Re: Construction Storm Water Inspection at Metro Place North and South-Bike Path and Street Light / Franklin County
Permit Number: 4GC03251*AG**

Dear Mr. Richardson:

This letter is written regarding a storm water inspection I conducted at Metro PL North and South-Bike Path and Street Light located at Metro Place North and South in Dublin, Ohio on September 21, 2010. The purpose of the inspection was to evaluate compliance with the General Storm Water Permit Associated with Construction Activities. During the inspection, I noted the following issues associated with construction activities at this site:

Sediment and Erosion Control:

- Construction activities for this site are near completion. Measures are expected to ensure all barren areas are properly protected in preparation for the upcoming winter months. In the event earth disturbing activities extend beyond an effective growing season, alternate erosion protection is expected. This would include but not limited to a crimped straw mulch cover.

If you have any questions regarding this letter or the inspection, please do not hesitate to contact me at our Central District Office at 614-728-3844 or email at harry.kallipolitis@epa.state.oh.us. In addition, please provide a written response to this letter within seven days of receipt.

Sincerely,

Harry Kallipolitis
Storm Water Coordinator
