**Re: Notice of Termination Inspection at the Mike Blake Residence
Franklin County
Permit Number: 4GC03051*AG**

Dear Mr. Blake:

This letter is written in follow-up to a construction storm water inspection by Stephen Riley of the Ohio EPA, we conducted at your residence located at 7920 Clark State Road in Blacklick, Ohio on September 15, 2010. The purpose of the inspection was to evaluate compliance with the General Storm Water Permit Associated with Construction Activities. It appeared during the inspection that construction activity is completed for this site. A Notice of Termination will be required provided the following requirements are met:

- The General Storm Water Permit requires specific post construction water quality treatment for all sites. Guidance regarding the post construction mandates can be found at:
<http://www.epa.state.oh.us/dsw/storm/CGPPCQA.aspx>. Please submit to my attention (email preferred at harry.kallipolitis@epa.state.oh.us) which practice will be installed at this site to ensure compliance with the General Permit. Please include all design criteria with your submittal.
- A Notice of Termination (NOT) must be submitted once the post construction requirements are verified. The NOT form and filing instructions can be found at:
<http://www.epa.state.oh.us/dsw/storm/stormform.aspx>.
