**Re: Storm Water Inspection at Academic Center "E"/Delaware County  
Permit # 4GC02708\*AG**

Dear Mr. Goggin:

This letter is written in follow-up to a construction storm water inspection by Katie Anderson and Amber Miller, of the Ohio EPA, at Academic Center "E" located at the southwest corner of Winter Road and US-23 on Monday, November 5, 2009. The purpose of the inspection was to evaluate compliance with the General Storm Water Permit Associated with Construction Activities. During the inspection, the following was noted:

**Sediment and Erosion Controls:**

- The entire site, including the large stockpile located on the southwest corner must be protected from erosion in preparation for the upcoming winter months. Given the time of year a crimped mulch cover, or equivalent, is expected.

If you have any questions regarding this letter or the inspection, please do not hesitate to contact me at our Central District Office at (614) 728-3844. Follow-up inspections will be conducted to ensure the conditions of the General Permit are continuing to be met.

Sincerely,

Harry Kallipolitis  
Storm Water Coordinator  
Division of Surface Water  
Central District Office
