Re: Storm Water Inspection at County Road 142

Dear Mr. Johnson:

This letter is written regarding the storm water inspection I conducted at County Road 42 on October 20, 2009. The Agency understands that these construction activities are currently covered under the General Storm Water Permit Associated with Construction Activities. Based on the site inspection and the General Storm Water Permit, the following items must be addressed:

Sediment and Erosion Controls:

- Sediment controls appeared to be working as intended for the current phase of construction.
- Please ensure all barren areas are protected from erosion in preparation for the upcoming winter months.

If you have any questions regarding this letter or the inspection, please do not hesitate to call me at our Central District Office at (614) 728-3844.

Sincerely,

Harry Kallipolitis
Storm Water Coordinator
Division of Surface Water
Central District Office
