**Re: Storm Water Inspection at Sheridan Rainbow in Fairfield County
Permit #: 4GC01706*AG**

Dear Mr. Hawk:

This letter is written in follow-up to a construction storm water inspection I conducted at Rainbow Sheridan located Fairfield County, Ohio on September 17, 2009. The purpose of the inspection was to evaluate compliance with the General Storm Water Permit Associated with Construction Activities. During the inspection, I noted the following:

Sediment and Erosion Controls:

- The site appears to be well vegetated and stable at this time.

Post Construction:

- Please be able to demonstrate that the post construction water quality treatment requirements of the General Permit are met. Please refer to the following link for assistance. <http://www.epa.state.oh.us/dsw/storm/CGPPCQA.aspx>.

If you have any questions regarding this letter or the inspection, please do not hesitate to call me at our Central District Office at (614) 728-3844. In addition, please provide a written response to the action items addressed above within ten days from receipt of this letter. A follow-up inspection will be conducted to ensure the minimum conditions of the General Permit have been met.

Sincerely,
