Dear Mr. Wilson:

This letter is written in follow-up to a construction storm water inspection conducted by Vinod Tujalpuram and Abigail Tamkin of Ohio EPA at Tire Discounters Store located at 1041 Hebron Road in Heath, Ohio on August 23, 2010. The purpose of the inspection was to evaluate compliance with the General Storm Water Permit Associated with Construction Activities. During the inspection, our staff noted the following issues associated with construction activities at this site:

Sediment and Erosion Control:

- Silt fence located on the east of the project, along the Hebron Road has been impacted by stock piling of dirt. Corrective measures are expected within three days from receipt of this letter.
- The silt fence along the perimeters of the project must be trenched into the ground for proper functioning as intended. Corrective measures are expected within three days from receipt of this letter.

If you have any questions regarding this letter or my inspection, please do not hesitate to contact me at our Central District Office at 614-728-3844 or email at harry.kallipolitis@epa.state.oh.us.
