**Re: Construction Storm Water Inspection at Delta Energy LLC. / Franklin County  
Permit No. 4GC03286\*AG**

Dear Mr. Tackett:

This letter is written regarding the storm water inspection conducted by Stephen Riley and Megan Reising of the Ohio EPA, at the **Delta Energy Construction Site** located on 5555 Perimeter Drive in Dublin Ohio, on August 19, 2010. The Agency understands that these construction activities are currently covered under the General Storm Water Permit Associated with Construction Activities. Based on the site inspection and the General Storm Water Permit, the following items were noted:

**Sediment Erosion Controls:**

- The sediment and erosion controls at this site are currently functioning properly. Please continue to monitor and ensure continued compliance with the General Storm Water Permit Associated with Construction Activities.

**Post Construction Requirements:**

- The General Storm Water Permit requires specific post construction water quality treatment for all sites. Guidance regarding the post construction requirements is found at:  
<http://www.epa.state.oh.us/dsw/storm/CGPPCQA.aspx>. Please submit to my attention (email preferred at [harry.kallipolitis@epa.state.oh.us](mailto:harry.kallipolitis@epa.state.oh.us)) which practice will be installed

If you have any question regarding this letter or the inspection, please do not hesitate to contact me at our Central District Office at (614) 728-3844. A follow-up inspection will be conducted to ensure the conditions of the General Permit are met.

Sincerely,

Harry Kallipolitis
