**Re: Construction Storm Water Inspection at Timberlake Water Treatment Plant
Franklin County
Permit Number: 4GCD00056 *AG**

Dear Mr. Renner:

This letter is written regarding a storm water inspection conducted by Abigail Tamkin and Michael Shields of the Ohio EPA at Timberlake Water Treatment Plant located at 6613 Lambert Road on August 2, 2010. The purpose of the inspection was to evaluate compliance with the General Storm Water Permit Associated with Construction Activities. During the inspection, our staff noted the following issues associated with construction activities at this site:

Sediment and Erosion Control:

- The silt fence around most of the project appeared to be in good condition. However, the silt fence in the eastern edge of the project, near the creek, needs maintenance.

If you have any questions regarding this letter or the inspection, please do not hesitate to contact me at our Central District Office at 614-728-3844 or email at harry.kallipolitis@epa.state.oh.us.

Sincerely

Harry Kallipolitis
