**Re: General Storm Water Permit for Henderson Road Reconstruction Project
Franklin County
Permit No: 4GC02745*AG**

Dear Mr. Richard:

It is my understanding that construction activity between State Route 315 and High Street in Columbus Ohio is completed for this site and all disturbed areas have been permanently stabilized. A Notice of Termination will be required provided the following requirements are met.

- Vegetation must be established sufficient to control erosion which is measured by a minimum vegetative density of 70%.
- The General Storm Water Permit requires specific post construction water quality treatment for all sites. Guidance regarding the post construction mandates can be found at:
<http://www.epa.state.oh.us/dsw/storm/CGPPCQA.aspx>. Please submit to my attention (email preferred at harry.kallipolitis@epa.state.oh.us) which practice will be installed at this site to ensure compliance with the General Permit. Please include all design criteria with your submittal.
- A Notice of Termination (NOT) must be submitted once the post construction requirements are verified. The NOT form and filing instructions can be found at:
<http://www.epa.state.oh.us/dsw/storm/stormform.aspx>.

Ted Strickland, Governor
Lee Fisher, Lieutenant Governor
Chris Korleski, Director
