**Re: Construction Storm Water Inspection at Market at Liberty Crossing
Delaware County
Permit Number: 4GC02879 *AG**

Dear Mr. Wyett:

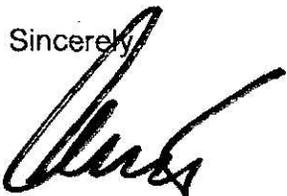

This letter is written regarding a storm water inspection conducted by Abigail Tamkin and Elizabeth Schaller of the Ohio EPA at Market at Liberty Crossing located at 4000 Powell Road on July 22, 2010. The purpose of the inspection was to evaluate compliance with the General Storm Water Permit Associated with Construction Activities. During the inspection, our staff noted the following issues associated with construction activities at this site:

Sediment and Erosion Control:

- The undeveloped area was well seeded and protected from erosion.
- Please advise regarding the status of the remainder of the project, and ensure that sediment and erosion controls are maintained, as your General Storm Water Permit for Construction Activities is still active. It appears construction has temporarily ceased.

If you have any questions regarding this letter or the inspection, please do not hesitate to contact me at our Central District Office at 614-728-3844 or email at harry.kallipolitis@epa.state.oh.us.

Sincerely,

Harry Kallipolitis
Storm Water Coordinator
