Dear Mr. Headley:

On February 16, 2012, I performed a hazardous waste inspection of your company to determine its compliance with Ohio's hazardous waste laws and regulations as found in Chapter 3734 of the Ohio Revised Code (ORC) and Chapter 3745 of the Ohio Administrative Code (OAC). Scott Foster of the Division of Surface Water accompanied me during the inspection and will send you his observations in a separate letter.

Based on the observations and documentation reviewed during the investigation, Ohio EPA has determined your facility is in violation of the following hazardous waste regulations. Please provide the requested information within thirty days of the date of this letter:

- (1) **OAC rule 3745-52-11, Hazardous waste determination:** Any person who generates a waste, as defined in rule 3745-51-02 of the Administrative Code, must determine if that waste is a hazardous waste using the following method...determine if the waste is listed as a hazardous waste in rules 3745-51-30 to 3745-51-35, and then determine whether the waste is identified in rules 3745-51-20 to 3745-51-24 of the Administrative Code by either: (1) Testing the waste according to the methods set forth in rules 3745-51-20 to 3745-51-24 of the Administrative Code, or according to an equivalent method approved by the Region V Administrator of U.S. EPA pursuant to 40 CFR 260.21; or (2) Applying knowledge of the hazardous characteristic of the waste in light of the materials or the processes used.

At the time of the inspection, the cutting fluid filter media had not been evaluated. I understand that you have had Coshocton Environmental Testing collect samples of this waste and will have them analyzed using the methods cited in the rule above (Toxic Characteristic Leaching Procedure). To demonstrate compliance with this rule, please provide copies of the analytical results from these samples.

Failure to comply with Chapter 3734. of the Ohio Revised Code and rules promulgated thereunder may result in a civil penalty of up to \$10,000 per day for each violation. It is imperative that you return to compliance. If circumstances delay the abatement of violations, you are requested to submit written correspondence of the steps that will be taken by a date certain to attain compliance.

Nothing in this letter shall be construed to authorize any waiver from the requirements of any applicable state or federal laws or regulations. This letter shall not be interpreted to release the owner or operator, or others, from responsibility under Chapters 3704, 3714, 3734, or 6111 of the Ohio Revised Code or under the Federal Clean Water Act, Resource Conservation and Recovery Act, or Comprehensive Environmental Response, Compensation, and Liability Act for remedying conditions resulting from any release of contaminants to the environment.
