**Re: Storm Water Inspection at the Industrial Parkway 36" Water Main / Union County
Permit No: 4GCD00047*AG**

Dear Mr. Goodson:

This letter is written in follow-up to a construction storm water inspection by Elizabeth Schaller and Michael Shields of the Ohio EPA, conducted at the Industrial Parkway 36" Water Main located on the north side of Industrial Parkway, beginning 2000' south of Adelsberger and ending 1000' south of Beecher-Gamble on July 13, 2010. The purpose of the inspection was to evaluate compliance with the General Storm Water Permit Associated with Construction Activities. During the inspection, the following items were noted:

It appeared during the inspection that construction activity is completed for this site and all disturbed areas had been permanently stabilized. A Notice of Termination will be required provided the following requirements are met.

- A Notice of Termination (NOT) must be submitted once the post construction requirements are verified. The NOT form and filing instructions can be found at: <http://www.epa.state.oh.us/dsw/storm/stormform.aspx>.

If you have any questions regarding this letter or the inspection, please do not hesitate to contact me at our Central District Office at (614) 728-3844.

Sincerely,

Harry Kallipolitis
Storm Water Coordinator
Division of Surface Water
