**Re: Pandora Grain Supply, Pickaway County
General Storm Water Permit #4GC03372*AG**

Dear Mr. Luginbill:

This letter is written in follow-up to a construction storm water inspection that I conducted at the Pandora Grain Supply located at 3014 Duvall Road, in Lockbourne, Ohio, on August 26, 2011. The purpose of the inspection was to evaluate compliance with the General Storm Water Permit Associated with Construction Activities. It appears that the construction activity at this site is completed. The site was stabilized and no erosion was leaving the site.

If you have not already done so, a Notice of Termination will be required providing that the post construction requirements have been met. Instructions and forms can be found at <http://www.epa.state.oh.us/dsw/storm/stormform.html>.

If you have any questions regarding this letter or the inspection, please do not hesitate to contact me at our Central District Office at (614) 728-3851.

Sincerely,

Gregory L. Sanders
Environmental Specialist
Division of Surface Water
