**Re: Construction Storm Water Inspection at French Run Elementary School
Franklin County
Permit Number 4GC03255*AG**

Dear Mr. Strussion:

This letter is written in follow-up to a construction storm water inspection conducted by Abigail Tamkin and Elizabeth Schaller of Ohio EPA at French Run Elementary School located at 1200 Epworth Avenue in Reynoldsburg, Ohio 43068 on July 1, 2010. The purpose of the inspection was to evaluate compliance with the General Storm Water Permit Associated with Construction Activities. During the inspection, our staff noted the following issues associated with construction activities at this site:

Sediment and Erosion Control:

- The perimeter silt fence appeared to be in good repair.
- As our staff discussed with the on-site manager, a section of southern silt fence was missing and must be installed within three days from receipt of this letter.

If you have any questions regarding this letter or my inspection, please do not hesitate to contact me at our Central District Office at 614-728-3844 or email at harry.kallipolitis@epa.state.oh.us.

Sincerely,

Harry Kallipolitis
Storm Water Coordinator
Division of Surface Water
