**Re: Construction Storm Water Inspection at Medors Residence / Licking County  
Permit Number 4GC03233\*AG**

Dear Mr. den-Haan:

This letter is written in follow-up to a construction storm water inspection conducted by Elizabeth Schaller and Abigail Tamkin of the Ohio EPA at Medors Residence located at 5920 Dutch Lane Road in Johnstown, Ohio on June 29, 2010. The purpose of the inspection was to evaluate compliance with the General Storm Water Permit Associated with Construction Activities. Our staff noted the following issues:

**Sediment and Erosion Control:**

- During the inspection, our staff noted the site appeared void of sediment control in violation of your General Permit.
- Our inspection staff spoke with the on-site contractor and were assured that adequate controls would be installed before the end of the week. A follow up inspection will be conducted to ensure the conditions of the General Permit are met.

If you have any questions regarding this letter or my inspection, please do not hesitate to contact me at our Central District Office at 614-728-3844 or email at [harry.kallipolitis@epa.state.oh.us](mailto:harry.kallipolitis@epa.state.oh.us).
