**Re: Construction Storm Water Inspection at Lakes of Worthington, Section 3 / Franklin County  
Permit Number 4GC01177\*AG**

Dear Mr. Wood:

This letter is written in follow-up to a construction storm water inspection I conducted at Lakes of Worthington, Section 3 north of I-270, west of Linworth Rd, Columbus, Ohio on June 23, 2010. The purpose of the inspection was to evaluate compliance with the General Storm Water Permit Associated with Construction Activities. During the inspection, I noted the following issues associated with construction activities at this site:

**Sediment and Erosion Control:**

- Silt fences around perimeter of project are acceptable.
- Please indicate proposed sediment pond locations and submit design criteria.
- We received a complaint from neighboring resident Debbie Hoffman, 7634 Southview Dr, expressing her concerns with poor drainage around the perimeter of the construction site. I recommend you contact Ms. Hoffman to address her concerns.

If you have any questions regarding this letter or my inspection, please do not hesitate to contact me at our Central District Office at 614-728-3844 or email at [harry.kallipolitis@epa.state.oh.us](mailto:harry.kallipolitis@epa.state.oh.us).

Sincerely,

Harry Kallipolitis  
Storm Water Coordinator  
Division of Surface Water
