Dear Mr. Headley:

On February 16, 2012, I performed a hazardous waste inspection of your company to determine its compliance with Ohio's hazardous waste laws and regulations as found in Chapter 3734 of the Ohio Revised Code (ORC) and Chapter 3745 of the Ohio Administrative Code (OAC).

Based on the observations and documentation reviewed during the investigation, Ohio EPA issued a Notice of Violation letter on February 22, 2012. On March 21, 2012, I received your response which included analytical results for the cutting solids. Based on this information, EMCO has returned to compliance with the following hazardous waste regulation:

OAC rule 3745-52-11, Hazardous waste determination.

You have now abated all violations cited from the February inspection.

If you have any questions, please call me at (740) 380-5278.

Sincerely,

Richard Stewart
District Representative
Division of Materials & Waste Management

NOTICE:

Ohio EPA's failure to list specific deficiencies or violations in this letter does not relieve your company from having to comply with all applicable regulations.
