Re: Hartman Ponds / Franklin County

Dear Mr. Conie:

This letter is written regarding the storm water inspection I conducted of the construction activities at Hartman Ponds, along Rathmell Road, in Franklin County, on June 1, 2010. I understand this site is currently covered under the General Storm Water Permit Associated with Construction Activities. Based on my site inspection and the conditions set forth in the General Permit, the following items must be addressed:

Sediment and Erosion Controls:

There was no active construction during my inspection. No erosion appeared to be leaving the site. If construction does start again, please be aware the General Permit states that all barren areas which remain idle in excess of 21 days must be protected from erosion within seven days of the last earth disturbing activities.

If you have any questions regarding this letter or my inspection, please do not hesitate to call me at our Central District Office at (614) 728-3851.

Sincerely,

Gregory L. Sanders
Environmental Specialist
